PROPHETS of HOPE in the GOSPEL of LUKE

Sr. Barbara Reid, op, Ph.D.

The image of Jesus as prophet occurs more in Luke's Gospel than any other gospel. The message is one of hope and hope is what individuals, the Church and the world needs most desperately at this time.

After hearing this program, the listener will want to read the Gospel from beginning to end and be on fire to share its unique story with family, friends, the believing community and the world.
